Comments

Let me start by saying that Janae is absolutely fantastic! I've experienced many massages in my time, and she has truly raised the bar. Her technique is incredibly therapeutic and healing, not just a simple rub down. Janae takes the time to inquire about any problem areas and then focuses on addressing them effectively. Thanks to her work, my shoulders feel amazing after more than ten years of discomfort. While Cupping may come across as mystifying, it genuinely aids in the healing process and reduces inflammation in troubled areas. The only downside would be the need to plan appointments well in advance due to her popularity. I highly recommend booking multiple sessions at once. Janae uses the Vagaro app for scheduling, which is user-friendly. Although I can't speak to the other professionals at the spa, I can't praise Janae enough. A huge thank you to Janae for resolving issues that others couldn't.
